Dear Mr Snow,

9-18-99

I received a letter from Ann Beaudet and I guess she's asking me to write you and say something about the plans to build dams, reservoirs and canals. I will tell you I don't have the ~~slightest~~ slightest idea of what's going on. So I wouldn't even begin to tell you how to repair the problems. What I can say is if you know what is the right thing to do - I hope you can do it. Good luck.
